

Treatment Trolley 2 Drawers

TASK MEDICAL

The Task Medical Hospital Treatment Trolley is a vital piece of hospital equipment designed to store and transport medical supplies, aiding in patient care and emergency response. Made with high-strength ABS, PC, and aluminium alloy, it offers practical storage, secure locking systems, and smooth mobility.

Product Features

- PC dividers for safe, organised, and chemical-resistant storage
- Adjustable and removable accessory slots for flexible organisation
- Large drawers with a lower partition for additional storage
- Four noise-free $\phi 125$ mm castors, with two brakes for stability
- Drawers support up to 25kg; total capacity is 100kg
- Waste bin included
